Executive Secretary, NFIB/NFIC

SUBJECT:

DCI Directives Revisions

1. I request written comments by close of business 2 July 1982 on the following:

25X1

2. The review has been dragging on since December 1981, and I am under pressure to finish this exercise.

3. I am unable to understand what is to be gained by continuing procrastination. What should be revised we can get on with; what should not or cannot be revised must be identified, and the DDCI and DCI must be informed and why.

4. For example, let's face up to the fact that common services,
